REPORT

GANDHI JAYANTHI CELEBRATION

02/10/2021

On October 2 as part of Gandhi jayanti, cleaning programs were organised by the 9K Girls NCC unit of Providence Women's College Calicut. Cadets cleaned their house and premises and upheld the view "Cleanliness begins at home".The cadets cleaned their home and surroundings and had posted videos and photos of their cleaning activity.Then we joined all the photos and videos as a single video and posted in our Instagram page.All of the cadets cordially participated in this cleaning program.

Mahatma Gandhi said "Sanitation is more important than independence".As the youth of today the cadets brought out the importance of cleaning the surroundings. This program could really magnify the importance of Gandhian ideology and also manifest self awareness about the importance of cleanliness.All in all the day was a chance to be a part of the surroundings and make it a heaven by upholding the quote, "Cleanliness is next to Godliness"- Start from your Home; create a cleaner tomorrow".

We try to uphold a clean and beautiful premises through this cleaning program. The videos were created and Content by
