17	Partnerships for the Goals
BP-II	Raksha - Disaster Management
	Pandemic – Covid 19

No Poverty

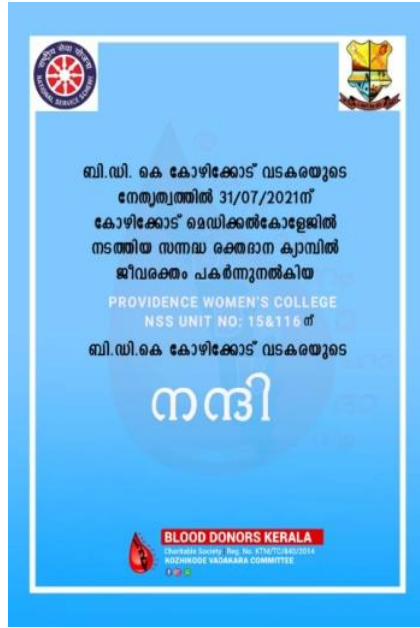

- **Distribution of mobile phone for needy-** The sudden onslaught of the pandemic, left the lesser privileged students in the dark, and unable to switch to online learning. Mobile phones were shared to such students in the college and also in the neighbourhood.
- **Initiating a Cloth Bank to ensure Cloth distribution to remote villages of Wayanad, to people who are affected by the disasters.**

Zero Hunger

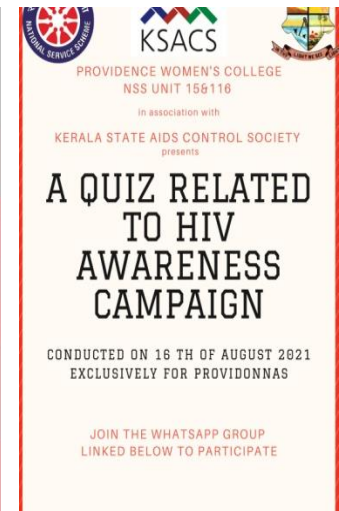

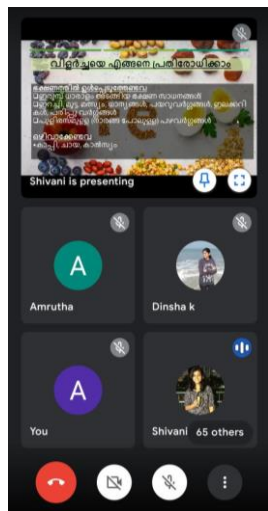

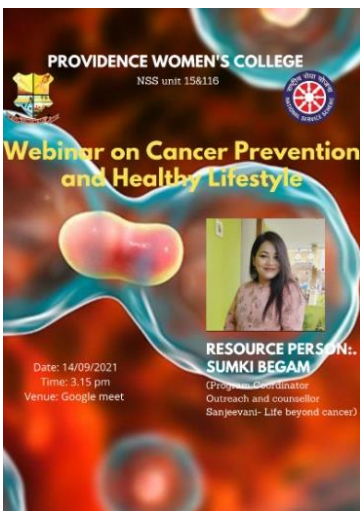

- A meal 'Coupon' system is in place, to ensure food for those who cannot afford a square meal, and the needy
- Miss-a-meal program, wherein each member on campus, misses a meal, before celebrating festivals, and shares the proceeds for sharing a meal with the lesser privileged
- 'Pothichoru', a pack of meals- for needy people

Good health and well being

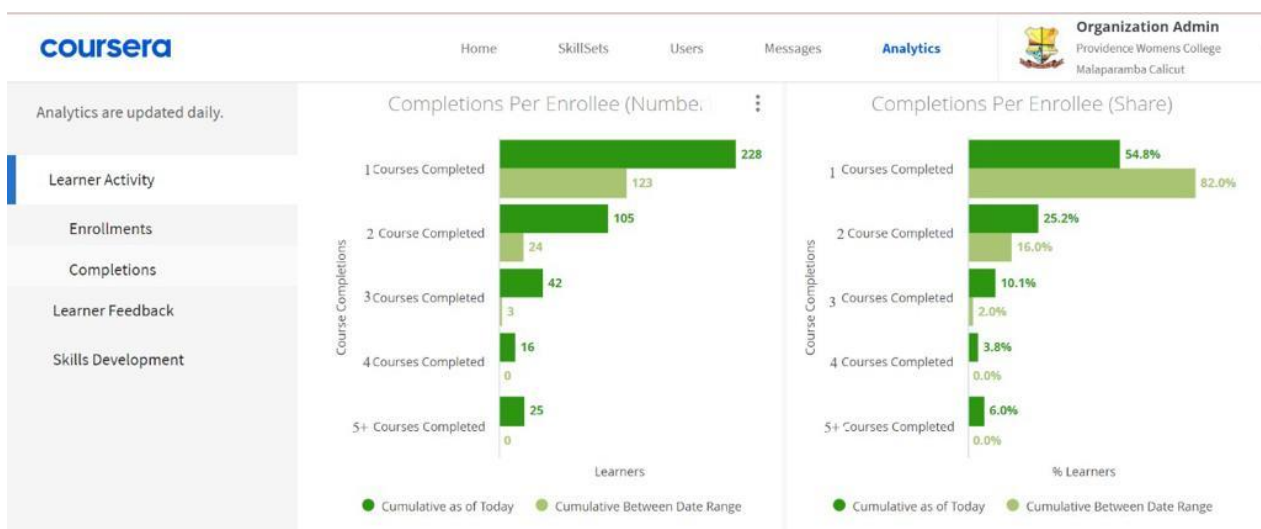

- Participation in blood donation drives at Medical college, MVRCCRI,
- Distribution of medical kits to children's home
- Webinars and quizzes on various health issues

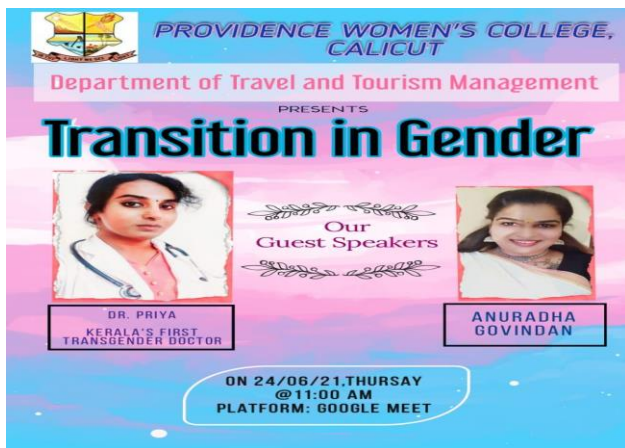

Quality Education

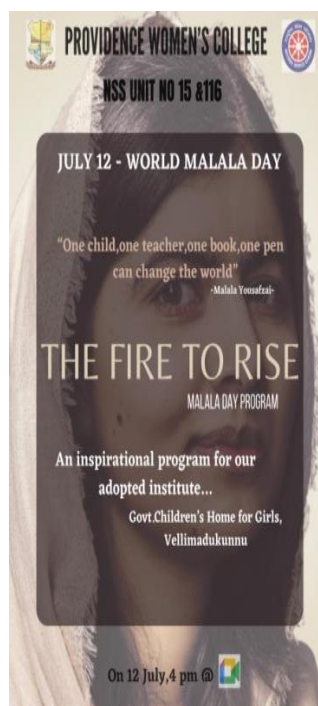

- Blended Learning Options : Swayam And Nptel
- Facilitating International Competence through online platforms like, Coursera
- Participation of Students by Presentation In International Scientific Forum
- Fostering Social Responsibility & Community Engagement

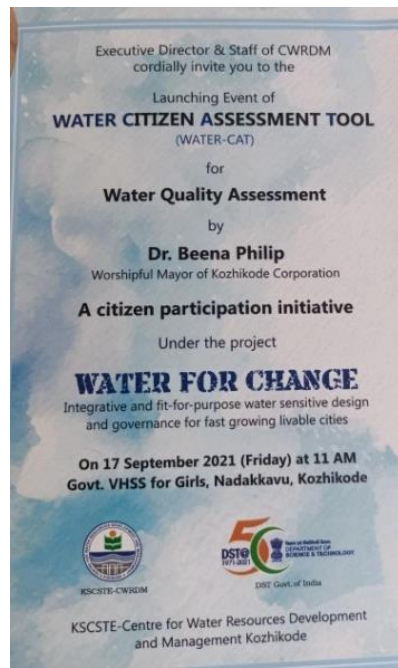

Gender Equality

- Conducted webinars to promote gender equity among students of college
- Conducted many inspirational program for children's in nearby locality

Clean water and Sanitation

- **NSS unit & Jalasree Club involved in assessment of water quality of adopted village**
- **Cleaning drives at various places and college premises**

Affordable and Clean Energy

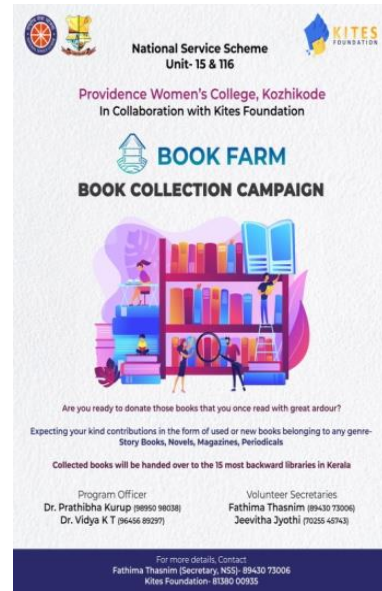

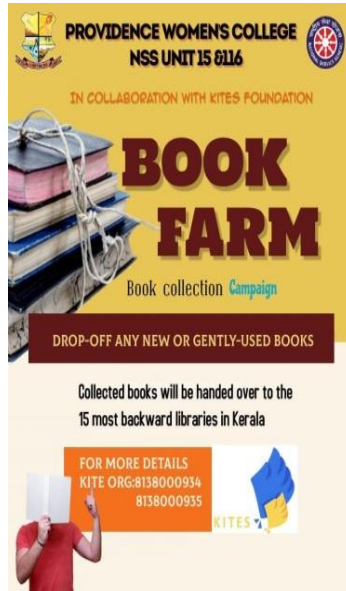

30KW on grid solar power plants are installed in the campus under CPE fund. solar power plant was connected to distribution system of Kerala electricity board from 2018 onwards .

Industry, Innovation And Infrastructure

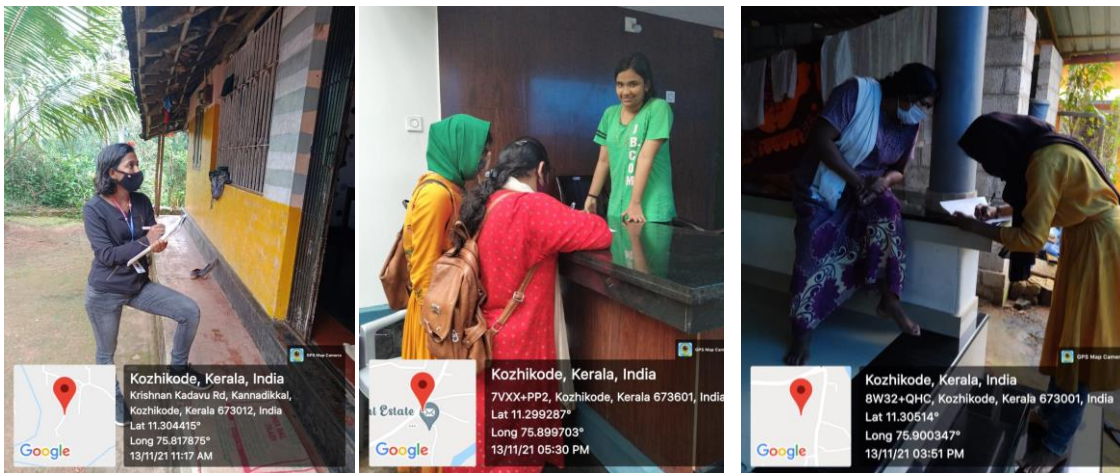

Started a book collection drive in collaboration with Kites foundation, an NGO. Received 150 books which was donated to the book farm officials on 17 September 2021

Sustainable Cities And Communities

- Adopted 5 villages under Unnathbhrathabhayan Scheme
- Conducted household survey for Kakkodi, Kuruvattur, Kunnmangalam villages and Kozhikode corporation
- Identified the problems of the locality and proposals are submitted to UBA for technology customization
- Students are engaged to do internship for sustainable developments goals

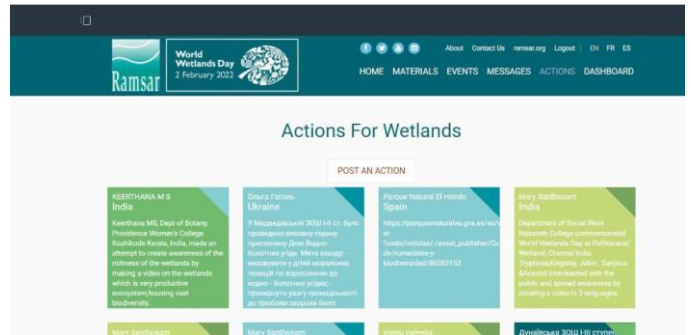

Responsible Consumption and Production

Ensuring proper use of resources, reducing energy consumption, improving energy efficiency, and providing access to basic services, improving the quality of life for all

- **Ensuring minimal Food waste** : Student council leaders are entrusted to look around for students who are in the habit of wasting food, and insisting on sharing the part with others
- **Inculcating habit of post harvest losses** : The students are inspired to participate in the vegetable garden establishment and ensuring distribution of the products on a daily basis
- **Sharing unused solar energy to other consumers** : The solar energy is passed on to the State electricity board for its consumers
- **Promoting use of LED bulbs and tubes to reduce energy consumption** : LED bulbs and Solar Study lamps are being made by students to make the habit of reducing energy consumption, a regular feature
- **Reusing waste and converting them into useful products**

Climate Action

- Students participate in events organized to conserve wetlands and ecosystems against climate change
- Their activities have been presented in national forum and received recognitions
- The actions have been posted on UN website under ' Actions for wetlands'
- Proper handling and disposal of waste that cause climatic change

Life on Land

2 BIODIVERSITY PHOTOGRAPHY

7 MAKE YOUR MICROGREENS

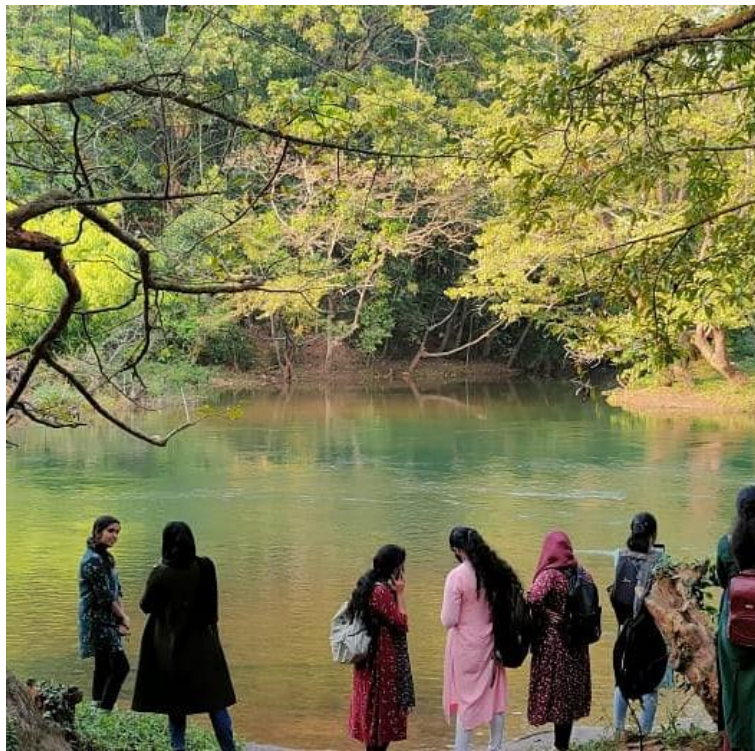

- Keeping Bio-Diversity Register
- Promoting Activities to Preserve Life on Land
- Bio-Diversity Photographic Contest
- Make Your Micro Greens

Job fair for women evokes encouraging response

119 candidates get placements

STAFF REPORTER
Kozhikode

An exclusive job fair organized by the Kerala Knowledge Economy Mission (KKEEM) for women here on Monday drew the active participation of nearly 700 candidates.

Recruiters representing 28 prominent companies turned up for the district-level selection drive which was opened by district panchayat president Sheeja Sasi on the Providence Women's College campus.

There were also a few companies that completed the selection process online using various virtual platforms. A majority of recruiters conducted the selection process directly. Officials said details of the selected candidates and those shortlisted for the final interview would be announced shortly.

It was the first such district-level fest organized for women who are keen to resume their professional life after a break. The candidates were taken to the allotted venues after an orientation session. A majority of the reported openings were in the field of Information Technology, management, retail, finance, media, education, hospitality, and administration.

In view of the COVID-19 protocol, only registered participants were allowed to attend the selection process. According to project coordinators, the fest was a grand success despite the pandemic.

The total number of confirmed placements on the inaugural day alone was 133, they pointed out.

The two-day fest was hosted as part of the State government's projects to create a record of over 15,000 placements in Kerala by the end of January 2022. There were also instructions to ensure the participation of the maximum number of educated women who wanted to resume their career life.

Till date, around 4,000 candidates have secured placements through the KKEEM special drive.

Partnerships for the goals

Partnerships are also crucial for capacity building in developing countries. Capacity building involves empowering individuals and organisations with the knowledge, tools, and other resources.

- **Mentoring different colleges under UGC Paramarsh Scheme :handholding different institutions for achievement of national standards and accreditation**
- **Collaborations with different research institutions**
