Livestock Entrepreneurship as an Emerging self-employment option .

On 10th July a webinar was conducted on “Livestock Entrepreneurship As An Emerging Self-Employment Option“ by Dr. P. Girish Kumar, Assistant Director, Regional Poultry Farm Mundayad, Kannur District.

He gave a wide knowledge on the Livestock Entrepreneurship and its importance. The topics covered during the session was :

- Livestock provide high quality food, cash income and employment. . Enterprises should have access to adequate levels of information about market, technology, research etc. Therefore, it is important to acquire adequate knowledge about the production and marketing which are highly variable due to high variation in the types of products, their self-life, class of consumers and economic status.
- Entrepreneur venturing for livestock enterprise should have the following characteristics:
 1. Should have well-defined objective for the production (qualitative and quantitative) of livestock and livestock products
 2. Determination of dimension of production units.
This will depend on the objective, i.e.:
 - (i) Small scale for supplementing family income,
 - (ii) A larger unit for earning livelihood, and
 - (iii) Commercial enterprise of various sizes.
 3. Management of resources for development of infrastructure, purchase of livestock, feeds, utensils and appliances, processing of products and marketing of products.
 4. Should be prepared to take risk because most of the livestock products are highly perishable items.
 5. Should develop skill for the alternate method of disposal viz. excess or surplus milk left unsold should be utilized for the production of khoa, paneer, etc.
- Prerequisites for Livestock Farming Enterprise:

Before proceeding for the establishment of any enterprise of livestock production, it will be very useful to acquire the followings:

1. The entrepreneur should have basic knowledge of selected animal husbandry.
2. Availability of market within the approachable limits.
3. Seasonal fluctuations for the demand of products.
4. Scope of sale of value added products.
5. Availability of unskilled and skilled manpower.
6. Availability of land and natural water sources.
7. Scope of seasonal purchase and storage of feedstuffs.
8. Cycle of occurrence of natural calamities, if any.
9. Insurance facility for farm commodities and livestock will provide protection against unforeseen mishaps.

The session was truly inspiring and gave a insight to Who is an entrepreneur? 2. What is entrepreneurship? 3. Enterprise 4. Manager 5. Difference between entrepreneur and entrepreneurship 6. Difference between an entrepreneur and a manager. About 79 participants participated and interacted during the session.

Joys and Tears of Research -Where Everything you Dream is on the other side of Fear

On 30th July 2021, the Department of Zoology in association with the R&D Cell, conducted a webinar on the topic "Joys and tears of research - where everything you dream is on the other side of fear". The webinar commenced at 7pm and was conducted via Google meet. The resource person, Dr. Nishana M is a renowned research scientist at Langone Medical Center, New York University, with an excellent academic back history.

Topics covered in the webinar:

- Defining research:
 1. What is research?
 2. Who can do research?
 3. How to go about doing research?
- Join a lab
- Identify a project
- Design the experiments
- Perform the experiments
- Keep a protocol
- Analyze and interpret data
- Present and publish without plagiarism
- Write manuscripts
- 4. How do you feel doing research?
- 5. How do you develop yourself?
 - Level I: Research Assistant
 - Level II: Formulate your own problem and solve it
 - Level III: Formulating problems for others to solve
- 6. How do you know it is good research?
 - Most common misunderstandings on research
 - Research in a nutshell
 - When to start preparing for research? Now
 1. Score in board exam
 2. Choose a good laboratory for the project
 3. Clear the entrance hurdles
 4. Procure scholarships
 5. Don't miss out on opportunities
 6. Clear the interviews
 7. Course work
 8. Choose the right lab/guide
 - Steps to become a research scholar

- After research

1. Propagate/teach
2. Apply in academics/industries
3. Alternate jobs

- Opportunities for research - Entrance examinations and premium institutions:

1. Integrated PhD (IISc, NCBS/TIFR, IISER etc.)
2. Research after M.Sc
3. Junior Research Fellowship

- Statutory warning on research

Research is not a piece of cake, in fact no job is. It is not the only " great thing" to achieve in life and anyone should have a job no matter how small you think it is. Be independent. Dr. Nishana shared the most meaningful realisation, eventually all that matters is passion and happiness. An interactive session was arranged to clear all the queries. Throughout the webinar, around 79 participants were present including students and faculty members.

Overall, it was a great, sharp yet simple session. A beautiful, and complete overview was provided in the most comfortable manner. The session ended at 8:30 pm.

Date: 30/7/2021.

Department of Physics, Providence Women's College in association with the Research and Development cell of the college, organized a webinar on 'Research in Astronomy and Astrophysics –current trends' by Dr. Koshy George, Research fellow, University Observatory LMUM, Germany. The webinar was conducted on 10-08-2021 with the participation of 65 students. . The resource person gave a detailed outline of the recent and upcoming trends in the major areas of astronomy research like galactic astronomy, high energy astronomy, various instrumentation techniques etc. He also introduced the opportunities of both theoretical and observational research in astronomy and astrophysics at various research institutes.

Investigation of Protein Sequences Demonstration of Applied Bioinformatics - BIC

Farhana Muhammadali Kacheri Veetil

The genome assembly is annotated by using the programme, PROKKA. Upon operating PROKKA, the contigs will get appeared in FASTA format along with the small gaps or small contigs. These are removed by running an editor named Nano. The resultant from this level is used to view the sequence by the tool Artemis.

Full view of the sequence and the contigs that are identified. The upper part is the reference sequence, which is the reference sequence for the protein. The gaps are the small gaps or small contigs that are removed by running an editor named Nano.

The selected sequence will undergo BLAST search and find similar sequences of spike, glycoprotein of SARS-CoV2. The PDB identification codes of the two proteins taken for study are 7XRQ(Zhang et al., 2021) and 6ZWP(Ke et al., 2020).

REPORT ON WEBINAR **CAREER PROSPECTS FOR IR** **GRADUATES.**

DATE: 28th November 2021

TIME: 10 am morning

An international webinar was hosted by the Department of Politics and International Relations in order to illuminate the minds of young students on the topic “Career Prospects for IR Graduates”. The webinar was conducted via online platform Google Meet on 28th November 2021, Sunday at 10am morning. The Chief Guest of our event was Sir Veeresh Kanduri, Ministry of Foreign Affairs (MoFA) Taiwan Fellow and a Visiting Fellow at the Institute of International Relations (IIR) Taiwan Center for Security Studies in Taipei.

He is also associated with Forum for Integrated National Security (FINS) in India as a Young National Security Fellow and Pacific Forum’s Young Leader Program. Previously, Veeresh worked for Tel Aviv-based MAX-Security’s Intelligence Division as an Intelligence Analyst-China Specialist and Pangoal Institution in Beijing as a Research Assistant. He graduated from Peking University’s Yenching Academy as a Yenching Scholar in Politics and International Relations and also holds a graduate degree in Development Studies from Tata Institute of Social Science. Science. Veeresh is also trained as a Mechanical Engineer. His engagements endure in understanding China’s expanding economic

aspirations and geopolitical assertiveness in the international order in general and its implications for India and Indo-Pacific security in particular. At MAX-Security, as an Intelligence analyst, he is specialized in open-source intelligence and imagery analysis concerning the geopolitical and strategic developments in the Indo-Pacific region, with a particular focus on India and China.

We started with a beautiful prayer song by Fathima Shurook. Mushrifa invited Nayan Therasa for welcome speech. Jasmine introduced our honorable Chief Guest Sir Veeresh Kanduri to share his views and thoughts on the discipline of IR. He gave us a clear idea on the subject by giving examples on day today affairs and political issues. He enabled us to understand the outlook on how the world works socially and how we can study and implement our knowledge on the discipline of IR. He enlightened us on how to choose our career paths and shared with us his journey through life from an engineer to the domain of IR. By the end Sir helped us in clearing our doubts, they by giving us a clear idea on our life as IR students. After that Ambili Ma'am gave the vote of thanks, there by ending the session at 11am. The session was an influential and knowledgeable one that helped the students on their career path for the future.

We started with a beautiful prayer song by Abani. Shahazadha invited Ambili Ma'am, Head of Dept. of Political Science for welcome speech. Sana Kamaal introduced our honorable Chief Guest Sir Gurram Ashok to share his thoughts on the topic of today's discussion. He spoke about the study of Political Science and the sub disciplinary of the subject. He also put forward to us about the vast opportunities in the field of Political science as well as gave us ideas on the research areas of the discipline. As an IMA graduate he discussed with us the benefits of Integrated MA courses and how well we can utilize it. He shared information on different institutions for the further study and research of Political Science. Sir gave us details about the fellowship programs, scholarships and exchange student programs of different universities. Later Nisna gave the vote of thanks and the session came to its end at

11am. The event was well managed and was very informative for the students.

Seminar Report Intellectual Property Right

DEPARTMENT OF COMMERCE, PROVIDENCE WOMEN'S COLLEGE

A seminar on Intellectual Property Right was organised by Department of Commerce on December 20th 2021 at 2.30 pm. Ms.Saswathi, Faculty welcomed the gathering. The Resource person was Adv.Dimple K Anand, Assistant Professor, St.Xaviers College, Kolkata. She Intellectual Property Right (IPR) is the creators of intellectual property and include trademark, copyright, patent, industrial design rights and some jurisdictions and trade secrets. Rather than protecting possession, intellectual property law protects exclusive rights to use or reproduce the intellectual property. Copyrights protects expression while patent protects inventions and neither protect ideas.

The seminar created great awareness among students and faculty. The program included discussions on the importance of IPR and their protection, an overview on the copyright systems in India, identification of IP, patenting tools, procedures etc. The seminar came to an end with the voteof thanks by Ms.Neethusha, IV semester Commerce Student.

Seminar Report on Research Methodology and Data Analysis using SPSS

Department of Commerce, Providence Women's College

The Department of Commerce organised Two Day seminar on "Research Methodology and Data Analysis using SPSS" on 17th and 18th January 2022. Ms.Deepthi Alfred, Co-ordinator of the seminar welcomed the gathering. Ms.Fiza Fathima, the student Co-ordinator introduced the Resource person Mr.Ayoob A, Mcom,M.Phil.

The program enriched the students in the field of data analysis and SPSS software which really helped them to do their project. The number and types of statistical software packages that are available continue to grow each year. SPSS was chosen because of its popularity within both academic and business circles, making it the most widely used package of its type. SPSS is also a versatile package that allows many different types of analyses, data transformations, and forms of output - in short, it will more than adequately serve our purposes. The Resource Person discussed the ways to open SPSS and introduced the three main windows of SPSS. He presented how to create a data file and generate an output file. He also discussed how to name and save the different types of files created in the three main SPSS windows. The session came to end on 18th Jan 2022 by 4'o clock with the vote of thanks .

REPORT

The department of psychology of providence women's college Calicut in association with Researchphile conducted a talk on "art of research report writing" programme. The programme commenced around 3 pm and ended around 4.30 pm. Total of 74 participants were present in the meet. Program started with prayer. Our resource person Dr. Fathima Bushara Saliha explained about the topic very well and cleared all the doubts. And the session ended by 4.30 pm.

Biological Research: Experiences of Researcher

On 26th February 2022 , the Department of Zoology in association with the R&D Cell, conducted a webinar on the topic "Biological Research:Experiences of Researcher by Dr,P.k. Sumodon,Rt.HOD,Department of Zoology ,Govt.College Madapally. The webinar commenced at 7pm and was conducted via Google meet.

The key points of the session were as follows: -

A good and sound research is based on framing a good research question. There are numerous ways of research methodology and it relies on the phenomenon being studied. For any type of research, the first ideal step would be to conduct a bibliographical research which is background reading which helps formulate and test the researcher's hypothesis. The primary source serves as the most reliable research material. Next, is to do empirical research to verify the hypothesis by obtaining original data through experimentation or observation.

EXPERIMENTAL RESEARCH

- The most widely used methodology in life sciences.
- Experiments can be conducted in the field or in laboratory.
- Data may be obtained from cell culture, physiological measurements, biochemical assays, interviews, questionnaires, etc.,
- Emphasizes on quantitative rather than qualitative data.

OBSERVATIONAL RESEARCH

- Often used to generate a question or a hypothesis.
- Also, to test the hypothesis.
- Could be the first step in answering the biological question.

SURVEY, QUESTIONNAIRES, INTERVIEWS

- Often used in human biology, psychology, behaviour studies
- To obtain valid results, there must be evidence that subjects respond to items consistently, internal consistency and evidence to prove that the measurements are valid.

BIBLIOGRAPHICAL AND ARCHIVAL RESEARCH

It includes wide range of studies that involve theoretical, interpretive and phenomenological analyses.

BIOLOGY EDUCATION RESEARCH

It compares two different teaching approaches in school children or students in two different groups.

The following steps highlight the guideline to a researcher in completing his research without any confusion:

1. Identification of research problem
2. Broad literature survey
3. Hypothesis formulation
4. Preparation of research design
5. Determining sample design
6. Data collection
7. Analysis of data
8. Hypothesis testing
9. Generalizations and interpretation
10. Preparation of the report or presentation of the results

He concluded his session by indicating that -A clearly stated research question helps the researcher to formulate a good study design and good study design is the backbone of any successful research.

REPORT OF SEMINAR **AZADI KA AMRIT MAHOSHTAV**

DATE: 14th March 2022

TIME: 10 am morning

A seminar was hosted by the Department of Politics and International Relations in order to enlighten the young minds of students on the topic “Forgotten Women Freedom Fighters in Kerala and Parliamentary Politics”. The seminar was conducted offline in AV Hall, Providence Women’s College on 14th March 2022, Monday at 10am in the morning. Our Chief Guest of the talk was Dr. Sujin babu, Head Department of History, Mount Carmel College Bangalore.

We started our program with a beautiful prayer song by Abani S Chembatta. Fathima Shurook invited Fathima Shahzadha for the welcome address. The presidential address was by our principal Dr Sister Ashmitha. Our principal Dr Sister Ashmitha and our honourable Chief Guest Dr Sujin Babu was invited to hand over the Memorandum of Understanding which was signed between the Department of Politics and International Relations, Providence Women’s College, Calicut and Mount Carmel College, Bangalore. Shurook then invited Gayathri to present the token of love to our Guest Dr Sujin Babu which was a beautiful creation by Gayathri herself. Archana Parvathi was invited for the introduction of our Chief Guest.

The seminar was well conducted. Dr Sujin babu shared his wide range of knowledge on the topic. He made us understand about many women personalities that had played very important role in our freedom struggle. He took the chance to remind all of us about the faces that had been forgotten by us, the faces that upheld their life forever for our nation and the upliftment of women. The session was highly informative. The session successfully came to an end with the vote of thanks lend by Ambili Thomas, Head of Department of Politics and International relations.

PREAMBLE

The day was actually a blessing for us. The program was a success. The program’s resource person was Mrs. Shalini Dinesh. Her talk was an inspiration for all of us. She told us how girls should stand on our own feet. Both men and women are equal in society. So, it is very important for girls to come forward. She is a very inspirational entrepreneur and she shared her success story. She founded her own home catering “wrap a meal” which delivers food to many covid patients . If a single woman can make a difference, the rest can also bring a change in our society. She gave motivation about how we can face business in pandemic time to our 1st and 2nd years.

Overall, the day as well as the programs were great. The responses collected were too good. We wish to have more such inspirations and seminars throughout our academic years.

PREAMBLE

The day was actually a blessing for us. The program was a effective. The program's resource person was Dr.Priyadarshini (HOD Department of History). Her talk was an inspiration for all of us. The points which eas included in her talk was :

- What is IPR?
- What are the different types of IPR
- IPR LAWS
- Trips agreement
- Filing a patent
- IPR and Women

She explained the above topics with simple examples which was easily understood by the studentsOverall, the day as well as the program was great. The responses collected were too good. We wish to have more such inspirations and seminars throughout our academic years.

DATE: 24/06/2022

VENUE: M.V. HALL, PROVIDENCE WOMEN'S COLLEGE

Department of History organized a talk on the topic Local History: Methodological Dimensions in order to give orientation to history students about topic selection and methodology to be followed while doing local history projects. The talk was divided into two sessions. In the first session Dr. Abdul Razak gave students an orientation about the topic selection, data collection and methodology of local history writing. He spoke about the importance of writing local history in order to understand different aspects of grant narratives and also to understand the microscopic details which a grant narrative may fail to discuss. He also spoke about how a student can historicize different aspects of everyday life.

During the second session he interacted with the students and cleared their doubts regarding the topics selected by the students for local history projects and also gave them an idea about from where they could get data for their projects.

The session was very useful for the students. Ms. Ranna N K of second history welcomed the gathering, Ms. Fathima V P of final history proposed the vote of thanks. Eighty-one students of history department took part in the seminar.
