PREAMBLE

The day was actually a blessing for us. The program was a success. The program’s resource person was Mrs. Shalini Dinesh. Her talk was an inspiration for all of us. She told us how girls should stand on our own feet. Both men and women are equal in society. So, it is very important for girls to come forward. She is a very inspirational entrepreneur and she shared her success story. She founded her own home catering “wrap a meal” which delivers food to many covid patients . If a single woman can make a difference, the rest can also bring a change in our society. She gave motivation about how we can face business in pandemic time to our 1st and 2nd years.

Overall, the day as well as the programs were great. The responses collected were too good. We wish to have more such inspirations and seminars throughout our academic years.
