The Department of History conducted a talk on "Mapping the Past: Unveiling Historical Mysteries with GIS Technology." The talk was delivered by Ms. Pyary Hasna Mehtab, a Registered Patent Officer.

Ms. Pyary provided students with an orientation on Intellectual Property Rights in India, covering various aspects such as copyright, patents, trademarks, and more. She also discussed the distinction between tangible and intangible assets.

The second part of the talk focused specifically on geographical indications. Ms. Pyary explained the different products of Kerala that have been registered under Geographical Indications and how students can get involved in activities to achieve geographical indicator tags for such products. She also introduced them to the concept of startups that can be initiated using this knowledge.

The talk was highly interactive, and students clarified their doubts regarding copyright and patents.

Ms. Ranna N.K., Association Secretary, welcomed the gathering, and Ms. Minnath Naufal, a first-year History student, proposed the vote of thanks. The talk concluded by 12 p.m
