DEPARTMENT OF BOTANY**
Providence Women's College
Kozhikode

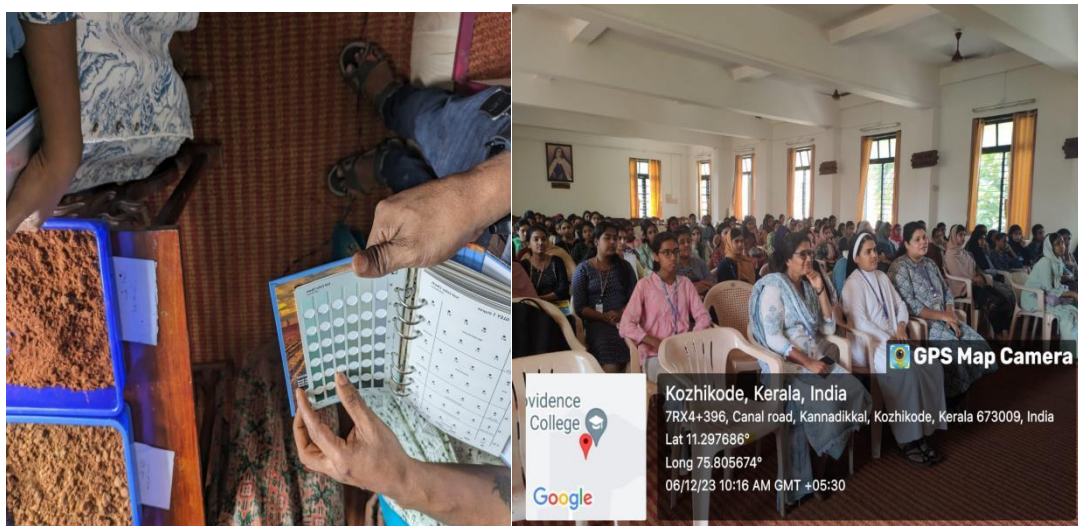

Workshop led by
RAVI MAVILAN
Senior Chemist
Department of Soil Survey and Soil Conservation
Regional Soil Analytical Lab, Govt. of Kerala
Kozhikode

**6 DEC 2023
10.00 AM
MV HALL**

WORLD SOIL DAY

The poster features a dark, textured background of soil. At the top, it lists the sponsors and organizers. A circular inset shows a building with a red flower bed. A small calendar icon indicates the date and time. At the bottom, two green seedlings are shown growing from the soil. Logos for the Government of Kerala, Boomithrasena, and the 12 Sustainable Development Goals are also present.

Report on Soil Health Workshop

Date: 06 December 2024

Organized by: Boomithrasena Club, Providence Women's College

Sponsored by: Directorate of Environment and Climate Change, Government of Kerala

Resource Person: Ravi Mavilan, Senior Chemist, Regional Soil Analytical Lab, Kozhikode

Number Of Participants: 109

A workshop on Soil Health was conducted on 06 December 2024, organized by Boomithrasena and sponsored by the Directorate of Environment and Climate Change, Government of Kerala. The workshop aimed to provide students with in-depth knowledge on the importance of soil health in agricultural productivity and sustainability. The session was led by Ravi Mavilan, Senior Chemist from the Department of Soil Survey and Soil Conservation, Regional Soil Analytical Lab, Kozhikode. He has demonstrated the identification of various soil types, soil texture, porosity, and their impact on soil health. Also discussed the soil health management and conservation techniques aimed at improving soil quality and long-term agricultural productivity. During the workshop, students were encouraged to ask questions and participate in discussions, sharing their observations and challenges related to soil health in local agricultural settings. The interactive session allowed students to better understand practical issues such as: Soil degradation in local farming areas, methods to improve soil fertility without damaging the environment.

At the end of the session students expressed their appreciation for the comprehensive nature of the training and the practical knowledge shared by Ravi Mavilan. They found the content highly relevant, particularly in terms of applying sustainable soil management practices to improve local agricultural practices.

SOIL HEALTH WORKSHOP

Conducted by Bhoomithrasena & Dept. of Botany

Venue : M.V Hall

Date : 6 December 2023
