## National Mathematics Day

### Outreach Programme

As part of the Ramanujan Week celebration, a seminar titled "Sankhya Nirvana" was organized by II-year BSc Mathematics students from Providence Women's College, Calicut. A total of 21 students participated in the seminar, which was held for 4th and 5th standard students of AMLP School, Parambil Bazar, on December 15, 2023 at 1:30 PM. The primary goal of the students was to inspire the young minds at AMLP School with the life story of the famous mathematician Srinivasa Ramanujan, sparking their interest in mathematics. The children had a great time playing games, solving puzzles, and participating in the interactive sessions and cultural activities. The students also shared their perspectives and enthusiasm for the subject, hoping to inspire and positively influence the young minds. The programme was wrapped up around 4:00 PM.
