

Cloth Donation Drive- 'Kuppayam'

The students and staff of the Department of Chemistry joined hands with 'Green Worms', a Kozhikode based waste management company and initiated a cloth donation drive named 'Kuppayam'.

The project was organized from 11th August 2023 to the end of February 2024. During this period, old clothes of all types were collected from students and staff for recycling and upcycling. The program helped in creating an awareness about the environmental impact of textile waste and the perils of fast fashion and the possibilities of recovery
