DEPARTMENT OF COMPUTER SCIENCE

Field Visit conducted by 1st yr Computer Science

2021-22

BACK TO TOP

Activity: Survey

Aim: To understand the average number of people who have basics of computers.

Targeted Group :Public

Conducted by 1st yr cs

Month & year: November 2021

Students of computer science first years 2021-22 decided to conduct a survey in nearby places, schools, shops and neighborhoods of Malaparamba area. The aim of survey was to understand how many amongst the public have knowledge in creating mail id, Google forms website creation, knowledge in basic applications word, excel, PowerPoint, Uploading data files, Downloading files, installing software, taking printouts and so on.

Students also created a set of queries and made them fill the questionnaires. The total number of people participated were 120.which included age group of 20-30, 30-40, 40-50 and 60 plus .Both Men and women were part of survey

Department of Computer Science has arranged a field visit to locations near to Malaparamba. 1st year students joined the visit with the intention of conducting survey and basic outcomes were to summarize the average number of people with less, good, advanced knowledge in computers.

DEPARTMENT OF COMPUTER SCIENCE

FIELD VISIT -2021-22

BACK TO TOP

Department of Computer Science has arranged a field trip to vengeri L.P School. Second-year students joined the visit with the intention of teaching the junior students Basics of Computers; how to open files, folders take applications and Digital painting was taught to them during the month of September 2021-22.

This thought really helped our students to interact with the young minds this also helped them to understand how interestingly students were involved in activities of learning a new art. They finally painted flowers, bird, car which was drawn by them; the joy of seeing their art works was delightful. This visit created a positive approach in minds of students to do more and more.

Along with learning basics of computers they also taught the kids foundation of Mathematics and English. Students found the new learning topic as very interesting and effective.
