On behalf of the SPA leadership team I'm very happy to offer you dependent care support for the AGU meeting. We are all very happy that these grants will help you participate more fully in the Fall AGU meeting. I look forward to your presentations and, perhaps, meeting you in person some day.

The amount will be \$500 US. You should hear from Hanna Hoffman or some other person from AGU about how and when the money will be sent to you. I recognize you may have to bear some of the cost up front and I hope the will not be too much of a problem for you.

Thank you for being an active part of the Space Physics and Aeronomy community!

Best wishes  
Geoff Reeves - president  
Therese Moretto - president elect

I realized that Hannah already sent me text that I should have sent with my previous email.

You will receive payment by direct deposit into your bank account. You need to fill out a "W9" form and a "Vendor Form". Links and instructions are given below. Once AGU has received your completed forms they will process the payment. It usually takes about 5 business days to receive the money. So, if you get your forms in right away you might receive the money before AGU starts.

all the best  
Geoff

### **Reimbursement Instructions for SPA Caregiver awards:**

Please fill out a [W9](#) and send it to [payables@agu.org](mailto:payables@agu.org).

In addition to the W9, we need you to complete the AGU [vendor form](#) (use 'Hannah Hoffman' for question 26— please note, the name can be found in the "B" section of the list rather than the "H" section).

**If you are international**, please just fill out the vendor form (including fields specific to those who are international) and disregard the W9.

Hi Geoff,

Thank you for the email. I am honored and humbled to have been offered the dependent care support. I am grateful to the Space Physics and Aeronomy leadership for this support.
