UNIVERSAL VALUE COMPETITION

An essay competition was held on 11 February 2022 on the topic CAMPUS POLITICS. CAMPUS POLITICS

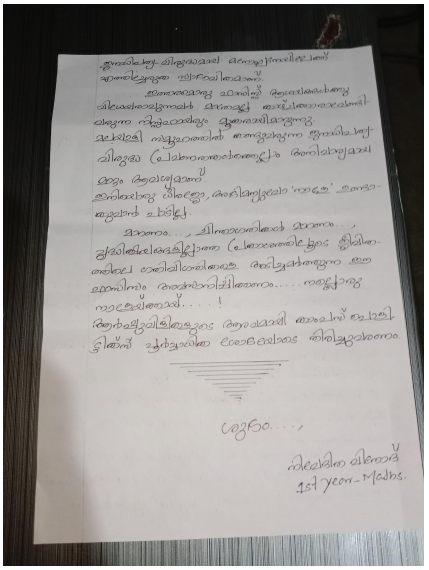
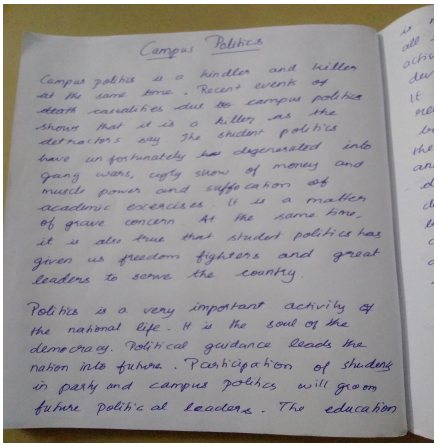
Campus Politics

"In a gentle way you can shake the world" once said Mahatma Gandhi. Yes this seems very true when we peep into the topic "Campus Politics". A subject of great concern in today's scenario, something that increases the heart beat and blood flow in many.

First of all let me ask you what is actually meant by politics? What are its aim? Politics generally aims at improving the status and issues of as well as deals with the proper governance of our country. So without any doubt we can say that campus politics also aims at the development and well being of campus as well as the students within the campus. ~~No never, Ddd Blindly can I~~ But let me ask you, is this what is actually taking place in today's campuses? No, Never, blindly can I say that. Again let me ask you, then what is going on there? No idea, right? But wait, we actually know what is happening. Fights, bloodshed and death, isn't it? Yes. Just think about it.

In this era, where we homosapiens live in a competitive world, there comes competition with parties also thus dividing the people into various groups, friends and families into enemies and what not. This usually invokes in them different ideas and hatred for the other. Life in campus is usually the time when students enjoy and





Campus Politics

Campus politics is a binder and killer at the same time. Recent events of death casualties due to campus politics shows that it is a killer as the detractors say. The student politics have unfortunately has degenerated into gang wars, ugly show of money and muscle power and suffocation of academic exercises. It is a matter of grave concern. At the same time, it is also true that student politics has given us freedom fighters and great leaders to serve the country.

Politics is a very important activity of the national life. It is the soul of the democracy. Political guidance leads the nation into future. Participation of students in party and campus politics will groom future political leaders. The education

It's Pride Month!!!! Hope you all are aware of the history of Pride Month celebrations. Pride month commemorates years of struggle for civil rights and equal justice under law for LGBT community. It was ' The Stonewall Riots' also called Stone wall uprising that catalysed gay rights movement. Stonewall became a symbol of resistance to social and political discrimination against homosexuals and called for a change in the attitude towards them. But the sad fact is a huge population belonging to LGBT spectrum are still afraid of revealing their sexuality due to the fear of being alienated by the world around them. We are responsible for making them feel they are accepted and treated equally in the society. So here we are with some wonderful LGBT films which will make you feel love in its purest form ignoring all the societal prejudices . Hope you'll enjoy ❤️ ❤️

What is the major theme of city of god?

15:25

Hiba Kv

As one of its major themes, City of God painfully illustrates poverty's numerous privations: the few choices, the slim chances, the narrow and vicious minds. With plenty of guns and little insight, life among the ruins has never been sadder, never more visceral, never more violent.

Movie of the week : Tracks
(2013)
By : Robyn Davidson
Starring : Mia wasikowska ; Adam driver
Directed by : John curran
Genre : drama , Adventure

The movie tells the story of Robyn Davidson, to whom the viewer is introduced in the mid-'70s. In narration, Davidson describes her disenchantment with the society of other people, and how tired she is of suffering the depredations visited upon "my sex and class." In more conventional movies in which a young woman undertakes a nearly 2,000 mile solo journey across a desert, there's likely to be a lot of hoo-hah about the search for self and spirituality. Not here.

Oh, the world it took me to!
The powers it gave me to
fly high, dream high, stay high.
The powers to never cry.

But now that I see, it was all a lie,

But it was late, I was in too deep
And I could do nothing but weep.

Splatter the bottles, not to tatter your bladder

Quench your thirst through sipping water.

ഓരോ തവണയും ജീവിതത്തെ പുനർനിർവചിച്ചുകൊണ്ടിരുന്ന
